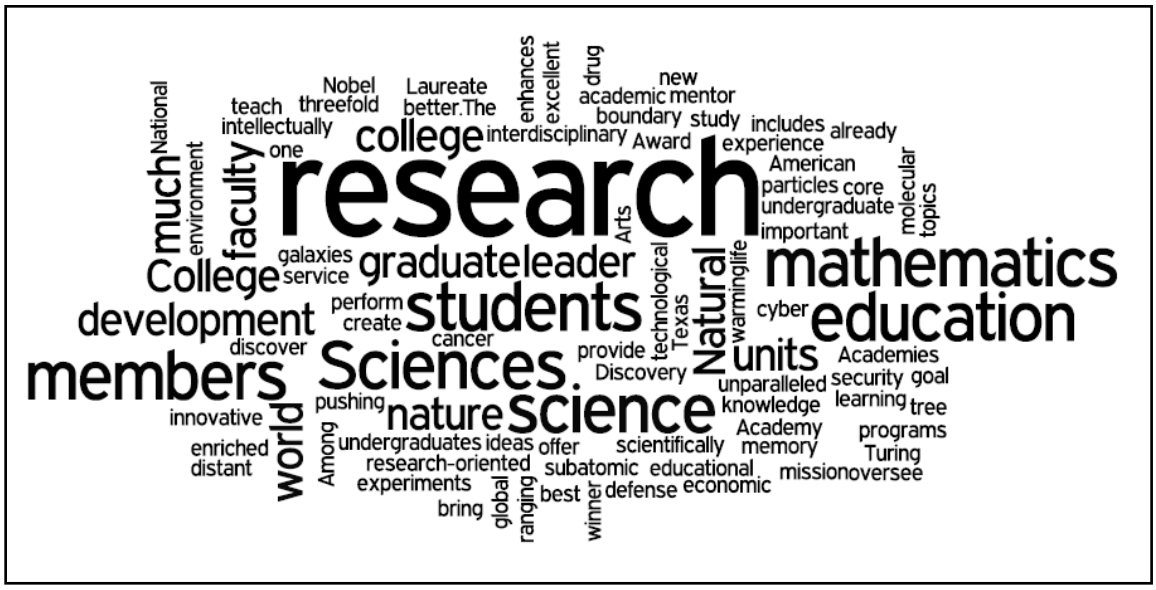
Human Ecology Alumni Give Generously



The Campaign for Texas is well underway as The University of Texas strives to meet a $3 billion fundraising goal a part of which, $350 million, will be raised by the College of Natural Sciences.

We are so very proud to announce the most recent contributions to The Campaign for Texas on behalf of the School of Human Ecology:

- *Karen and Charles Matthews Endowed Presidential Fellowship in Nutrition*
- *Susan T. Jastrow Human Ecology Chair for Excellence in Nutritional Sciences*
- *Rom Rhome Endowment for Staff Recognition*
- *Rom Rhome Endowment for Professional Development in Human Ecology*
- *Claire Swenson Kolodzey Excellence Endowment*
- *George L and Martha Ann Goss McGonigle Excellence Endowment in Human Ecology*

These generous gifts will aid the School of Human Ecology and the College of Natural Sciences in providing our students with a peerless undergraduate education, offering world-class research facilities to our graduate students, supporting our faculty in delivering the most rigorous curriculum while pursuing their own innovative research programs, and building and updating our laboratories and classroom spaces.

We are tremendously grateful to these special alumni for their generosity.

If you are interested in giving to The School of Human Ecology, your gift can be made electronically here. If you have questions about The Campaign for Texas or about our programs, please feel free to call us at 512-471-7282.
