Department of Human Ecology  
Division of Textiles and Apparel  
Admission Application for Fall 2008

Please return the completed application to the Human Ecology Advising Office, GEA 37,

By 5:00 p.m. on Thursday, April 3rd, 2008

Late or incomplete applications will not be accepted

\* The next formal process will be held during the Fall 08 semester for admission to the Division of Textiles and Apparel for the Spring 09 semester.

1. The Textiles and Apparel Admission Panel will convene shortly after grades are posted for the Spring, and decisions will be made before the Fall semester begins. You will be notified via Secure Academic Note, SAN, regarding your admission status. If you are admitted to the TXA program, and are currently a College of Natural Sciences student, your major code will be changed to your intended TXA major on August 22, 2008. Admitted students from other colleges will be given further major change information. If you decide not to pursue the TXA major you must email: Angela.patterson@mail.utexas.edu, stating your change of interest, no later than August 15, 2008.
2. Admission into the major of your choice does not guarantee that you will immediately register for your needed classes. Please be aware that some students may not be able to meet degree requirements within a 4-year time frame. Please see an advisor to make this transition easier.
3. Students **not admitted** to the TXA major may need a Fall schedule adjustment if registered for TXA 316L, 316Q, 319, or 212K and 212L. These classes may be dropped depending on availability, and other appropriate classes may need to be selected.
4. In addition to the prerequisites, students must meet an over-all GPA of a 2.50
5. Only major coursework with a grade of C or better can apply towards a degree.
6. Students denied admission may reapply in future semesters.

I have read and understand the guidelines in this Division of Textiles and Apparel application.

## ADMISSION TO THE MAJOR IN TEXTILES AND APPAREL

To apply for admission to the Bachelor of Science in Textiles and Apparel, Option I or Option II, students first must earn a grade of at least C in each of the following basic sequence courses: Mathematics 305G (only if you were admitted under the 2004 – 2006 catalog) or 408K or 408C, Chemistry 301, Textiles and Apparel 205 and 105L; the student must also have an overall UT grade point average of at least 2.50 in all course taken in residence. At least six hours of basic sequence courses must be completed in residence at the University

Applications for admission to the Textiles and Apparel degree programs are evaluated each long-session semester by the Textiles and Apparel Admission Panel. Students whose applications are denied may reapply. Admission decisions are based on the student's grade point average in the basic sequence courses, his or her University grade point average, and other factors. These factors may include, but are not limited to, the difficulty of the student's course load, course repetitions, and life experiences.
